

TE

200 Series

Thermo Express[®]

Better coffee brewing, improved energy efficiency, advanced safety and convenience. Designed to be right for your business, Thermo Express[®] brewing systems bring it all together.

- Safety brewing and ready lights let you know when it's safe to pull out the brew cone. Reduces risk of scalds or spills
- Strong and Full pot selections for less coffee waste
- 205° F brewing for optimum coffee extraction
- Vacuum insulated servers keep coffee 'Morning Fresh' for hours
- Molded unibody housing makes clean up fast and easy
- Water Quality Monitor alerts you when it's time to change the water filter to ensure great tasting coffee

TE-216 Granite

'Morning Fresh' coffee all day long.

TE 200 Series

Thermo Express®

AquaBrew's Thermo Express® TE-200 Series automatic plumbed-in brewers are beautifully designed, but when it comes to efficiency and great taste, these brewers are all business. The unibody molded housing is engineered to fit under cabinets – saving counter space and making clean up easy. Unique patented features such as the Water Quality Monitor, Safety Brewing Lights and Leak Detection Indicator make these brewers safer and smarter.
